GUARANTEE

We guarantee all our nursery stock to be in healthy vigorous condition when shipped, and to be capable of living through the transplanting period, provided proper care is given by the purchaser.

Stock which dies, within ninety days after planting, from natural causes other than severe drought, high winds, winter injury and other abnormal climatic causes beyond our control will either be credited to the purchaser's account or new plants be furnished at our nursery free of charge (the purchaser to pay transportation and planting costs).

This guarantee applies only to stock purchased at regular catalog prices and planted by us and which was paid for within thirty days of original invoice date and to cases where the loss is reported within ninety days after shipment.

While we exercise great care in the selection of seed and fertilizer and in preparation of the ground, all lawn work is done at the owner's risk. Establishment of new lawns and repair of old lawns is so dependent upon climatic factors that we furnish no guarantee expressed or implied as to the success of lawn work.

Stock which proves untrue to name will on presentation of proper proof either be replaced without charge or the amount originally paid will be refunded. It is mutually understood that our total liability is limited to the amount of the original purchase price.

INFORMATION

LOCATION — Our nursery is located in Cheshire, Conn., two miles south of the village center, on the College Highway, Route 10, twelve miles north of New Haven. Good roads from New Haven, Waterbury, Meriden and Wallingford, enable you to motor from any of these cities. The Waterbury - Cheshire - New Haven bus passes through the nursery.

All prices quoted in this catalog are F.O.B. Cheshire, except that if you live within a short distance of the nursery an order of reasonable size will be delivered to you by truck without charge.

Our nursery stock has been inspected by the State Nursery Inspectors.

Evergreens of the ornamental sizes are dug with a ball of earth and this ball is covered with special burlap which may be left on the trees when they are planted.

**CONSULT OUR LANDSCAPE SERVICE
ON YOUR PLANTING PROBLEMS**

Our Landscape Department is prepared to advise regarding the proper selection of plants and their correct location to achieve the best aesthetic effects in planting home sites. We will gladly prepare plans for planting without obligations and at no charge if plants are purchased from our nursery.
